SUMMARY

Even though Fujishiro was able to go around the festival with Kuze, they didn't really make any progress... Fujishiro is worried about how to face Chiba since he said that Kuze and Furuse would make a good couple. Somehow Chiba is always involved with Fujishiro. The truth is he likes her! Not really, actually he says he thinks Kuze and Fujishiro don't go together at all, revealing his dark side...?! Kuze learns of Chiba's unexpected character, and invites Fujishiro to study. Kuze tells Fujishiro "Let's go to your place," leading to an unexpected rapid development.
